### CHILD WELFARE DAY WILL BE KEPT IN PENDLETON

NEXT TUESDAY IS THE TIME SET  
APART FOR OBSERVANCES  
IN CITY.

Next Tuesday, February 17, will be "Child Welfare Day" in Pendleton and on that day every good citizen is expected to purchase and wear a little red flag which will signify that he or she is in sympathy with the movement for higher home life which is being conducted by the Oregon Congress of Mothers and Parent-Teacher associations in the state. The day will be observed all over the state and in Portland the entire week will be devoted to the campaign.

The parent-teacher organizations in Pendleton and Mrs. J. S. Landers, who is vice president of the Congress of Mothers for this district, are naming committees of mothers who will sell these little flags on that day. One thousand have been ordered and they expect to sell them all. Ten cents apiece will be charged and the proceeds will go to the fund necessary to carry on the work of the organization.

The workers in the movement are moved by an impulse summed up in their motto, "Save the babies, safeguard the boys and girls give to youth high ideals of marriage and home-making, educate the father, train the mother and ennoble the home."

The aims and purposes of the movement, more elaborately expressed, are in part as follows:

To raise the standards of home life. To develop wiser, better-trained parenthood.

To give young people, ignorant of the proper care and training of children, opportunities to learn this, that they may better perform the duties of parenthood.

To bring into closer relations the home and the school, that parent and teacher may co-operate intelligently in the education of the child.

### Newsy Notes of Pendleton

#### Divorce is Granted.

Judge Phelps has handed down a divorce decree in the case of Lalia Cooper vs. Grant Cooper and has given the plaintiff custody of the three children.

#### Martin vs. Alexander.

Frank Martin has commenced suit against H. H. and Laura Alexander to recover \$1080 which he alleges he paid for the defendants as their surety on a note. S. A. Lowell and R. R. Johnson are his attorneys.

#### Parent-Teacher Association Meets.

The Parent-Teacher association of the Hawthorne school is this afternoon holding a meeting in the school rooms. The organizations of the other two schools will meet on the last Friday of the month.

#### Mrs. Nelson Undergoes Operation.

Mrs. Clark E. Nelson of this city is recovering from an operation for appendicitis which she recently underwent at the Good Samaritan hospital in Portland, according to information received by friends. Mr. Nelson is with her in Portland.

#### Historical Society Incorporates.

Articles of incorporation were today filed by the Umatilla County Historical Society, Mrs. Edwin P. Marshall, Clarence Bishop and A. C. Hampton being the incorporators. The purpose of the society as set forth is to gather historical data and relics for preservation.

#### Whitman Extension Plans.

S. B. L. Penrose, president of Whitman college, has written to Manuel Friedly, former president of the Farmer's union asking for his view as to the advisability of establishing an extension course in connection with Whitman college.

#### Enters Electrical Business.

Adam Noble, former well known Pendleton young man, has entered the business field of the city by opening an electrical supply shop at 118 West Court street, just back of the Pendleton drug store. He will handle electrical fixtures and supplies and will do all forms of wiring and electrical work.

#### Next Lecture Attraction.

Estelle Franklin Gray and her company will be the next attraction for the local lecture bureau and the troupe will appear here February 23 at the high school auditorium. In the company are Miss Gray, reader, Miss Crawford, pianist, and other performers.

#### Shriners to Portland.

A number of local members of the Mystic Shrine left today for Portland to attend the meeting and initiatory session of the order. Herman Suhl went down this morning and on No. 17 this afternoon are Will and James Wyrick, Elmer Moore, Henry Rosenberg and Spence Bentley.

#### Today is Friday the 13th.

Today occurs that unlucky combination of week and month days known as Friday the thirteenth, a combination dreaded by the superstitious. There are three of these combinations during the year 1914. February has the first, March the second and November the third.

#### Ready Transfers.

Charles L. Hower and wife to W. C. Hopson of Milton for \$2000, about 32 1-2 acres in section 33, twp. 6 N. R. 35; H. L. Moody and wife to William L. Robbins of Everett, Wash., 1600 acres in twp. 4, N. R. 30; Ella T. Kidder and George B. Kidder to Abram McCook of Tacoma, lots 11 and 12, block 1, Kirk's fourth addition to Athens; Charles H. Skinner and wife to Charles B. Percey, units D and E, in sec. 1-4 of sec. 3, twp. 4, N. R. 28.

#### School Without Pupils.

A. B. McReynolds, a young man employed as teacher in District 60 near Fulton, is drawing his final month's salary without doing anything more difficult than spending the day by himself in the school house. His school is sans pupils, as County Superintendent Young found on a visit he just paid that district. McReynolds says that all of the children are sick while some of the patrons

tell another story. Nevertheless, the fact remains that there hasn't been a pupil in school for two weeks and the teacher's contract runs only two weeks longer. There are not many pupils in the district and, if one family withdraws its younger members, the absence is very conspicuous.

#### Pictures at Club Tonight.

A. W. Perley, traveling lecturer for the O. W. R. & N. Co. will show his interesting moving pictures this evening in the Commercial club rooms and the public is invited to hear him. His pictures and talk cover the railroad work in many departments and are calculated to give the average man some insight into the problems which confront the company. The lecture will start at 7:30.

#### Interest in Spelling Contest.

County Superintendent Young and Supervisor J. A. Yeager state that there is an interest in the forthcoming county spelling contests amounting to an enthusiasm among the pupils and they expect to see good results come out of the contests in more ways than one. The contests will really be placing an emphasis on a branch of study which needs it, they say, and cite the fact that out of 200 applicants in the eighth grade examinations last May 78 failed in spelling. The pupils are preparing for the fray in all of the rural districts as well as in Pendleton where a series of preliminary contests are being held between the three schools. The Lincoln school has been acquiring itself with great honor this week.

#### ADULTERATED TOMATO PULP CONDEMNED AND DESTROYED

WASHINGTON, Feb. 13.—Nearly 800 cases of canned goods were destroyed recently at Augusta and Savannah, Ga., the courts having declared the products unfit for human consumption.

At Savannah, Ga., 100 cases of tomato pulp, shipped by D. E. Foote & Co., Baltimore, Md., on October 11, 1913, and 200 cases of tomato stock shipped October 9, 1913, by Greenbaum Bros. Co., Inc., Seaford, Del., were destroyed on the ground that the products were filthy, decomposed, and unfit for food. Six cases of butter, shipped about December 3, 1913, by V. Lopez & Co., New York, were also destroyed at the same time at Savannah, on the charge that the product contained excessive quantities of water.

At Augusta, Ga., a short time prior to the destruction of the above articles, 450 cases of canned peas, shipped by S. H. Levin's Sons, Philadelphia, Pa., were destroyed, after condemnation on the ground that they were filthy and decomposed.

#### FATHER AND SON ARE ASSAILED IN STRANGE WAY

SEATTLE, Feb. 13.—Two men father and son, are in the city hospital as the result of injuries inflicted by unidentified assailants within the past 12 hours. Joseph Ward, a marine engineer, was shot in the abdomen and is not expected to live. Frank M. Ward, his father was found unconscious in his room an hour later when the police went to call him to the bedside of his son. The elder Ward was unable to explain how he was injured.

#### MORE SCHOOL FACILITIES ARE NEEDED IN OAKLAND

OAKLAND, Cal., Feb. 13.—Despite the 14 new public schools completed during the last year at a cost of \$2,000,000 Oakland schools are so crowded that a new bond issue will probably have to be voted on at once to secure money for more educational institutions.

The unexpected increase during the last few weeks has made it necessary to add classrooms to fifteen of the elementary schools, and even with this provision, every school in the city is overcrowded.

The influx of new families was known to be great, but that it amounted to so many as to crowd the schools was not realized by the board of education.

#### CHURCHILL PLANS BOYS' CONVENTION AT FAIR

SALEM, Ore., Feb. 13.—Should a plan, announced by State Superintendent of Public Instruction Churchill, materialize, a boys' and girls' industrial congress will be one of the features of the Panama-Pacific exposition at San Francisco. Several weeks ago the state superintendent announced that he would send 10 winners from the industrial department at the state fair to the exposition. The plan announced today is to prevail upon all states, which have organized industrial clubs, to also send delegations and then allow the winners to hold a congress. The value of such a congress would be far reaching, said the superintendent.

#### UNIVERSITY OF WISCONSIN ADOPTS HONOR SYSTEM

MADISON, Wis., Feb. 13.—Adoption of the honor system at the University of Wisconsin was announced. Cases involving men students will come under the jurisdiction of the men's student court and cases involving women under the women's judiciary committee.

According to the system a student must refrain from giving aid in examination as well as from receiving it. Honor agreements must be made by each class at the beginning of each semester.

The faculty recognized the petition of the students for the honor system after discussions lasting five months. The system will apply to all colleges except the law school and covers both graduate and undergraduate students.

Oil in Wyoming.  
WASHINGTON, Feb. 13.—Wyoming is one of the latest oil fields, according to a geological survey bulletin issued today. Oil has already been discovered in 35 wells, gas in 20 and water in 24 others.

### NEWS OF FARM AND RANGE

### WOOL BUYING IS NOW UNDERWAY IN OREGON

BUYERS TRY TO CONTRACT AT  
PRICES TWO CENTS ABOVE  
1913.

Heppner Wool Bought by H. F. Bicknell—Growers Sold Too Low Last Year Because of Bearish Conditions.

Though the wool buying brigade has not yet reached eastern Oregon in full force, actual efforts are now underway to contract wool and the prices offered are substantially in advance of the figures given at the opening of the season last year. R. F. Bicknell is in Morrow county and is reported to be offering two cents a pound over the prices paid in 1913. Some contracts have been made while another buyer is also busy in Morrow county endeavoring to contract for both sheep and wool at advanced prices.

According to men who should be in position to know the facts the market fully justifies higher prices than were paid last year.

Wool growers of Oregon sold their wool several cents a pound too low last season. This was not due to any fault of their own, but to the fact that the entire American trade was bearish and refused to pay what the fleece was really worth, based upon the cost of wool in the world's markets.

The tariff is no longer a bugaboo in the United States. For fully two years the country's markets have not been above an importing basis: in fact, last year was below it and quite a fair volume of business was done in the eastern markets for shipment to Europe.

This season the situation is more than likely to be far stronger throughout the world than a year ago. Holdings of sheep are showing a serious decrease in every leading wool producing section of the world. There never was a time in the history of the woolen industry when stocks of wool in the hands of manufacturers were so low as at this period. Then, too, stocks of manufactured stock in the hands of mill interests are at low ebb.

This means only one thing, a scramble for wool supplies as soon as the season opens here and if growers do not lose their heads and feed the mills with low priced stock, there is every likelihood that they will obtain a substantial advance over what they sold at a year ago.

Vincent Grange Meeting—Saturday evening the grange held a very interesting session, says the Freewater Times. Two candidates were initiated into the mysteries of the first and second degrees. The following program was given during the lecture hour: Song by the grange; instrumental music; Vincent orchestra; reading, Mrs. Wellman; song, James Kirk; recitation, Ralph Jones; piano solo, Mrs. Allen; reading of the Tattler, by C. E. Simmons; music, orchestra.

The following committees were appointed to prepare the premium list for the fair to be given this fall: Stock, fruit, vegetables, etc., C. E. Simmons, Jessie Martin, James Kirk; woman's work and domestic science, Madames Gentry, Wilfley and Jesse Kirk.

Carload of Jerseys—J. D. McCoy of Tum-lum, in the east end of the county, sold a carload of Jersey milk cows last week, the price being \$60 per head.

#### Pommery Cup Rules Changed.

PARIS, Feb. 13.—The Pommery Cup rules for this year today were changed so that the aviator making the longest flight in a straight line in 24 hours will be declared winner instead of as last year the time between sun-up and sun-set. The total prize amounts to \$12,000 but is divided into six parts, one to be awarded every six months.

#### PORTLAND SELECTS SITE FOR NEW AUDITORIUM

PORTLAND, Ore., Feb. 13.—Portland's half million dollar public auditorium will be built on the east side of the Willamette river. The city commissioner instructed Commissioner Brewster to negotiate for the purchase of two blocks at a cost of not more than \$55,000 between Broadway and Oregon streets near Union avenue. The majority and minority reports of the special auditorium committee were rejected.
